

SAFETY DATA SHEET

Revision Date 16-Aug-2017

Version 1

1. PRODUCT AND COMPANY IDENTIFICATION

Product Identifier

Product Name F-2445 Asphalt Blaster with Emulsifiers

Product Code F-2445

Recommended Use of the Chemical and Restrictions on Use

Recommended Use Cleaning agent

Details of the Supplier of the Safety Data Sheet

Supplier Address

Delta Foremost Chemical Corporation
3915 Air Park St.
Memphis, Tennessee 38118

Emergency Telephone Number

Company Phone Number (901) 363-4340
Emergency Telephone INFOTRAC 1-352-323-3500 (International)
1-800-535-5053 (North America)

2. HAZARDS IDENTIFICATION

Classification

Skin Corrosion/Irritation	Category 2
Serious Eye Irritation	Category 2B

Signal Word

WARNING

Hazard Statements

Causes skin irritation and serious eye irritation.

Appearance Pale Yellow

Physical State Liquid

Odor Mild

Precautionary Statements - Response

IF IN EYES: May cause temporary irritation. Rinse thoroughly with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical advice/attention.

IF INHALED: If symptomatic, move to fresh air. Get medical attention if symptoms persist.

IF ON SKIN: Wash skin with soap and water. Get medical attention promptly if symptoms occur after washing.

IF INGESTED: First aid normally is not required. However, if greater than ½ liter (pint) is ingested, seek medical attention.

Precautionary Statements - Storage

Store away from incompatible materials. Store at ambient temperature and atmospheric pressure.

Precautionary Statements - Disposal

Dispose of waste in accordance with all current local, state, and federal regulations.

3. COMPOSITION/INFORMATION ON INGREDIENTS

Chemical Name	CAS No	Weight-%
Soy Methyl Ester	68919-53-9	Proprietary

4. FIRST AID MEASURES**First Aid Measures**

General Advice	Provide this SDS to medical personnel for treatment.
Eye Contact	Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. If easy to do, remove contact lenses. If eye irritation persists, get medical advice/attention.
Skin Contact	Wash skin with soap and water. Get medical attention promptly if symptoms occur after washing.
Inhalation	If symptomatic, move to fresh air. Get medical attention if symptoms persist. If affected person is not breathing, apply artificial respiration.
Ingestion	First aid is normally not required. However, if greater than ½ liter (pint) is ingested, seek medical attention.

Most Important Symptoms and Effects, both Acute and Delayed

Symptoms	Temporary irritation to eyes; dryness of the skin.
-----------------	--

Indication of any Immediate Medical Attention and Special Treatment Needed

Note to Physicians	Treat symptomatically. If a burn is present, treat as any thermal burn.
---------------------------	---

5. FIRE-FIGHTING MEASURES**Suitable Extinguishing Media**

Extinguish with alcohol-resistant foam, carbon dioxide, dry powder, or water fog. Avoid using a direct stream of water.

Unsuitable Extinguishing Media None.

Specific Hazards Arising from the Chemical: None.

Hazardous Combustion Products Carbon oxides.

Sensitivity to Static Discharge None.

Protective Equipment and Precautions for Firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear. Water may be used to cool closed containers to prevent pressure buildups and possible ignition or explosion when exposed to extreme heat. Use air-supplied equipment for enclosed areas.

6. ACCIDENTAL RELEASE MEASURES**Personal Precautions, Protective Equipment and Emergency Procedures**

Personal Precautions	Wear suitable protective equipment. Isolate area.
Environmental Precautions	Prevent entry into drains, waterways, sewers, basements or confined areas.

Methods and Material for Containment and Cleaning Up

Methods for Containment	For large spills, dike far ahead of spill for later disposal. Contain the discharged material. Do not allow product to enter sewer or waterways. Check with local and state environmental agencies for guidance.
Methods for Cleaning Up	Absorb spill with vermiculite or other inert material, then place in a container for chemical waste. Large Spillage: Flush area with water. Prevent runoff from entering drains, sewers, or streams. Dike for later disposal. Spills may present a slipping (physical) hazard.

7. HANDLING AND STORAGE**Precautions for Safe Handling**

Advice on Safe Handling	No special precautions are necessary beyond normal good hygiene practices. See Section 8 of the SDS for additional personal protection advice when handling this product. Ensure containers are properly labeled.
--------------------------------	---

Conditions for Safe Storage, Including any Incompatibilities

Storage Conditions	Keep containers tightly closed in a dry, cool place. Store away from incompatible materials. Store at ambient temperature and atmospheric pressure.
Incompatible Materials	None.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION**Exposure Guidelines**

Contains no substances with occupational exposure limit values.

Appropriate Engineering Controls

Engineering Controls	Always use normal hygiene practices. Good general ventilation (typically 10 air changes per hour) should be used.
-----------------------------	---

Individual Protection Measures, such as Personal Protective Equipment

Eye/Face Protection	Wear approved chemical safety goggles and face shield if splashing is possible.
Skin and Body Protection	Apron and long sleeves are recommended. It is a good industrial hygiene practice to minimize skin contact. Use impervious gloves.
Respiratory Protection	None required since no occupational exposure limits exist for this product.
General Hygiene Considerations	Handle in accordance with good industrial hygiene and safety practice, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothes and protective equipment to remove contaminants. Eye wash fountains and emergency showers are recommended.
Environmental Exposure Controls	The environmental manager must be informed of all major spillage.

9. PHYSICAL AND CHEMICAL PROPERTIES

Information on Basic Physical and Chemical Properties

Physical State	Liquid	Odor	Mild
Appearance	Clear	Odor Threshold	Not determined
Color	Pale yellow	Remarks • Method	
Property	Values		
pH	Not applicable		
Melting Point/Freezing Point	Not applicable		
Boiling Point/Boiling Range	>200 °C / 392 °F		
Flash Point	130°C (266°F)	ASTM D-93	
Evaporation Rate	<1	(butyl acetate = 1)	
Flammability (Solid, Gas)	Not determined		
Upper Flammability Limits	Not determined		
Lower Flammability Limit	Not determined		
Vapor Pressure	2 mmHg @ 20°C		
Vapor Density	>1	(Air=1)	
Specific Gravity	0.88	(1=Water)	
Water Solubility	Insoluble in water		
Solubility in Other Solvents	Not determined		
Partition Coefficient	Not determined		
Autoignition Temperature	Not determined		
Decomposition Temperature	Not determined		
Kinematic Viscosity	Not determined		
Dynamic Viscosity	Not determined		
Explosive Properties	Not determined		
Oxidizing Properties	Not determined		

10. STABILITY AND REACTIVITY**Reactivity**

Not reactive under normal conditions.

Chemical Stability

Stable under recommended storage conditions.

Possibility of Hazardous Reactions

None under normal processing.

Hazardous Polymerization

Hazardous polymerization does not occur.

Conditions to Avoid

Keep away from extreme heat.

Incompatible Materials

None.

Hazardous Decomposition Products

None known based on information supplied.

11. TOXICOLOGICAL INFORMATION**Information on Likely Routes of Exposure****Product Information****Eye Contact**

May cause temporary eye irritation.

Skin Contact

Wash skin with soap and water. Product may cause mild skin irritation after prolonged contact.

Inhalation	If symptomatic, move to fresh air. Get medical attention if symptoms persist.
Ingestion	First aid normally is not required. Ingestion of large quantities may result in gastrointestinal disturbances including irritation, nausea, and diarrhea.

Component Information

No acute or chronic toxic effects expected when used according to directions.

Information on Physical, Chemical and Toxicological Effects

Symptoms	Please see section 4 of this SDS for symptoms.
-----------------	--

Delayed and Immediate Effects as well as Chronic Effects from Short and Long-term Exposure

Carcinogenicity	This product does not contain any carcinogens or potential carcinogens as listed by OSHA, IARC, or NTP.
STOT - Single Exposure	No effects expected.

Numerical Measures of Toxicity

Not determined

12. ECOLOGICAL INFORMATION

Ecotoxicity

There is no specific data available for this product; however, not considered environmentally harmful from normal, expected usage and typical drainage to sewers, septic systems, and treatment plants.

Persistence and Degradability

Not determined

Bioaccumulation

Not determined

Mobility

Not determined

Other Adverse Effects

None.

13. DISPOSAL CONSIDERATIONS

Waste Treatment Methods

Disposal of Wastes	No specific disposal method required. Disposal should be in accordance with applicable regional, national and local laws and regulations.
Contaminated Packaging	Since emptied containers retain product residue, follow label warnings even after container is emptied. Disposal should be in accordance with applicable regional, national and local laws and regulations.

This product does not contain any substances that are listed with the State of California as a hazardous waste.

14. TRANSPORT INFORMATION

Note

Please see current shipping paper for most up to date shipping information, including exemptions and special circumstances.

Not classified as a hazardous material.

DOT

Not regulated.

IATA

Not regulated.

IMDG

Not regulated.

15. REGULATORY INFORMATION

International Inventories

Not Determined

US Federal Regulations**CERCLA**

This material contains no Reportable Quantity (RQ) Substances.

SARA 311/312 Hazard Categories

None

SARA 313

None

SARA Title III

Section 302 Extremely Hazardous Substances (40 CFR 355, Appendix A): None

US State Regulations

California Proposition 65 Reportable Components: This product does not contain any chemicals known to the State of California to cause cancer, birth defects, or any other reproductive harm.

16. OTHER INFORMATION

NFPA**Health Hazards**

1

Flammability
