## TECHNICAL DATA

### FOREMOST 1111-ES SALT FREE

Rev. 6-25-2021

**DESCRIPTION:** A proprietary blend of organic acids, corrosion inhibitors, fast acting surface agents, dispersants and penetrants designed for removing corrosive "white salt film" from metal and painted surfaces.

**APPLICATION:** Suitable for use on painted and unpainted metal, glass, rubber parts of cars and trucks, spreaders, plows, blowers and hand tools. Also may be used to flush out liquid chloride tanks, lines and nozzles to prevent corrosion.

**DIRECTIONS:** Mix 1 part product with 8 parts water. Spray liberally on affected areas. Allow 3 to 5 minutes contact time, then rinse thoroughly.

**PRECAUTIONS:** KEEP OUT REACH OF CHILDREN. Contains Sulfamic Acid. May cause eye injury. Irritation of nose, throat and skin. Do not get in eyes. Avoid contact with skin and clothing.

**FIRST AID: FOR SKIN:** Flush with water. **FOR EYES:** Flush with plenty of water for 15 minutes and get medical attention. **INGESTION:** Do not take internally. If swallowed, do not induce vomiting. Get medical attention immediately.

Before using this product read the Safety Data Sheet (SDS) for more detailed information regarding safe handling.
