TECHNICAL DATA

FM-1189-ES FUME FREE AEROSOL

Rev. 3-22-18

- DESCRIPTION:** FM-1189-ES Fume Free AEROSOL is a USDA authorized water-based cleaner containing potassium hydroxide. Removes even the most stubborn cooked-on food, grease, oil or carbon and restores surfaces to original shine.
- APPLICATION:** A superb product for restaurants, institutions, hospitals, food-handling plants and hotels/motels. Great for use on ovens, grills, cooking utensils, barbecue grills, pots and pans. Do not use on aluminum, copper, galvanized metals, plastics, composition tile or painted surfaces.
- BENEFITS:**
- Easy-to-use, spray on---wipe off formula.
 - Clinging formula provides longer contact time with soil on vertical surfaces.
 - Soil is easily wiped away, eliminating hard scrubbing.
- DIRECTIONS:** Shake well. To remove child-proof cap, squeeze sides on ridges and pull off. Hold can 10 to 12 inches away from surface to be cleaned. With a slow sweeping motion, apply liberally. Completely cover surface with product. For warm ovens, allow to set for 5 to 10 minutes. Turn off current in electric oven and pilot lights in gas oven after warming. For cold ovens, allow to set for 10 to 20 minutes. Wipe clean with a paper towel, clean cloth or sponge. Be sure to wear gloves when using this product. Rinse with a potable water rinse after using to completely remove remaining cleaner. Repeat treatment for hard to clean or heavily caked areas.
- PRECAUTIONS:** Contains gas under pressure; may explode if heated. Causes severe skin burns and eye damage. May be corrosive to metals. Keep away from heat, sparks, open flames and hot surfaces. No smoking. Do not spray on an open flame or other ignition source. Pressurized container: Do not pierce or burn, even after use. Protect from sunlight. Do not expose to temperatures exceeding 50°C / 122°F. Store in a well-ventilated place. Do not breathe mists. Wash hands thoroughly after handling. Wear protective gloves and eye protection. If swallowed: Rinse mouth. Do NOT induce vomiting. If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water or shower. Wash contaminated clothing before reuse. If inhaled: Remove person to fresh air and keep comfortable for breathing. Immediately call a poison center or doctor. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Store locked up. Dispose of contents and container in accordance with local, state, and national regulations. Keep only in original container. Absorb spillage to prevent material damage. Store in a corrosive resistant container with a resistant inner liner.
- Before using this product read the SDS for more detailed information regarding safe handling.
