

## 2154-ES X-MARK REMOVER

SPECIALTIES FOR MAINTENANCE AND SANITATION SINCE 1947

**Removes Unsightly Marks**

**DISSOLVES STAINS**

**Handy Aerosol For  
Controlled Dispensing**

Destructive, completely unreasonable defacement of public and private property seems to become more common. **X-MARK** is a comparatively safe answer to the problem. **X-MARK** is neither acid nor highly alkaline.

**X-MARK** is an excellent general office cleaning aid. No other single product can remove as many diverse indelible marks.

**X-MARK** is especially useful in removing ball point ink marks from school bus seats.

**FOR USE ON:** Brick, tile, steel, brass, chrome, aluminum, enamel, glass, marble, Formica®, Porcelain and many other surfaces.

**REMOVES:** Lipstick, crayon, stencil inks, ball point and marker inks, scotch tape and residue, finger marks, pencil and scuff marks.

**A MUST FOR:** Schools • Office Buildings  
• Highway Sign Departments • Motels  
• Institutions • Hospitals • Professional Sanitation Employees.

# TECHNICAL DATA

## FOREMOST 2154-ES X-MARK REMOVER

Rev. 11-10-15

- DESCRIPTION:** A handy aerosol for controlled dispensing and removing of unsightly marks and stains. It is neither acid nor alkaline, and is harmless on most surfaces. Foremost 2154-ES X-Mark Remover contains cleaning agents that swiftly remove soils from the surface and has a low toxicity that is much safer than carbon tetrachloride.
- APPLICATION:** Recommended for use on: brick, tile, steel, brass, chrome, aluminum, enamels, glass, marble, Formica®, porcelain, and many other surfaces. Care should be exercised when used on asphalt tile, rubber, certain paints and plastics. It is used to remove crayon, pencil, tape marks, scuff marks, lipstick, waxes, and many others.
- DIRECTIONS:** **NOTE:** Always PRE-TEST in an inconspicuous area to determine potential damage to surfaces being cleaned.
1. Spray directly on marked or stained surface.
  2. Let stand 30 seconds.
  3. Wipe with clean cloth.
  4. For difficult marks spray again, let stand for 60 seconds before wiping.
  5. In extreme cases use a stiff brush and work into stained area. Wipe off again. Repeat process until area is cleaned.
- PRECAUTIONS:** **KEEP OUT OF REACH OF CHILDREN.** Contains: Tetrachloroethylene (CAS# 127-18-4); Toluene (CAS# 108-88-3); Dichloromethane (CAS# 75-09-2); and Liquified Petroleum Gas (CAS# 68476-85-7). **FLAMMABLE.** Use only as directed. Aspiration into lungs may cause pneumonia. Excessive inhalation may depress the central nervous system. Avoid breathing spray mist or vapors. Use outdoors whenever possible. Use only in areas with enough ventilation to remove vapors and prevent vapor build-up. Keep small children and pets out of the area. Provide cross-ventilation until sprayed article is completely dry, using fans, open windows and doors, or similar measures. Use of the product without ventilation in closed areas, such as small rooms, bathrooms, or closets, may be harmful or fatal. If indoor application requires more than one can, wait 1 hour between spraying each can. Intentional misuse by deliberately concentrating and inhaling vapors, or by swallowing contents, can be harmful or fatal. Do not spray into eyes or mouth, or onto skin. Do not transport, use, store, or dispose of near flames, sparks, or other sources of heat or ignition. Containers heated above 120°F. (49°C) may burst. Store in a cool, dry area. Do not puncture or incinerate container. Empty containers should be disposed of in the trash or offered for recycling if allowed by federal, state and local requirements.
- FIRST AID:** First follow the directions below. Promptly call a Poison Control Center, emergency department, or physician. **EYES:** Rinse immediately with water, remove any contact lenses, then hold eyelids open and flush eyes thoroughly with water for 15 minutes. **SKIN:** Wash off affected areas with soap and water. Remove any contaminated clothing and launder before reuse. **INGESTION:** Do NOT induce vomiting, call a physician immediately. **INHALATION** (and ill or unconscious): Move victim to fresh air. If unconscious, get medical assistance immediately. If breathing stops, administer artificial respiration.
- Before using this product, read the Safety Data Sheet (SDS) for more detailed information regarding safe handling.
