## MOP & CLOTH TREET

SPECIALTIES FOR MAINTENANCE AND SANITATION SINCE 1947

The modern treatment for sweeping and dusting cloths.

**TREET** grabs  
dust with  
magnet-like grip...

**TREET** your  
yarn brooms and  
dust clothes.

Authorized by USDA for use in  
federally inspected meat and poultry plants.

## TREET GRABS AND HOLDS DUST

**CLEANING IS EASIER**—with TREETED dust mops. Its chemically induced magnetic attraction and absorption quality makes for faster pick-up and removal of bacteria-laden dust.

**GREATER SANITATION**—It has long been an accepted fact that many diseases, harmful pathogenic bacteria and viruses may be transmitted through dust.

**PROTECTS**—Absolutely no harm to composition tile floors, fabrics, wax, glass, painted surfaces, tile, terrazzo, marble, wood and plastic.

**CLEANING IS LESS COSTLY**—Foremost Mop & Cloth Treet actually adds life to fibers of dust cloths and dust mops. Tremendous labor saving. One sweep with Treet is more effective than 10 passes with the same tool, without Treet.

### — NOTE —

Sweeping can be a waste of time, unless dust and soil are actually removed from the premises. Ordinary sweeping or dusting only temporarily moves the contaminant from floor or other surfaces to resettle on fixtures, equipment, stock and desks. Never sweep or dust without Treet.

### RECOMMENDED FOR—

- Schools
- Hospitals
- Gymnasiums
- Restaurants
- Factories
- Institutions
- Office Buildings
- Churches
- Hotels
- Motels

# TECHNICAL DATA

## FOREMOST 3120 MOP & CLOTH TREET

Rev.1-22-19

**DESCRIPTION:** A scientifically formulated water-based treatment for dust mops and dust cloths which takes advantage of certain natural properties of its ingredients to attract particles of common air-borne dusts, so that they may be easily removed from surfaces. An added amount of wax further aids in removing dust and preventing conditions conducive to dust collection. There is no attack on composition tile floors (such as asphalt, linoleum, vinyl, cork, or rubber), wax, painted surfaces, terrazzo, marble, wood, plastic or glass.

**APPLICATION:** Especially recommended for schools, hospitals, gymnasiums, office buildings, etc., where dust-free floors are desirable.

**DIRECTIONS:** Apply liberally on dust mop or dust cloth and allow to dry completely. The mop or cloth is then ready for use. When the treated applicator is soiled just throw in washing machine and launder. Re-treat before re-use.

**PRECAUTIONS:** **KEEP OUT OF REACH OF CHILDREN.** Contains Petroleum Distillate. Do not take internally. **MAY BE HARMFUL OR FATAL IF SWALLOWED.** Keep away from heat and open flame. Use with adequate ventilation. Avoid breathing of spray mist. Avoid contact with skin and eyes. If ingested, get immediate medical attention. Keep container closed when not in use. Prolonged contact with skin can cause moderate irritation, defatting, dermatitis.

**FIRST AID: EYES:** Flush with large amounts of water, lifting upper and lower lids occasionally. Get medical attention. **SKIN:** Wash thoroughly with soap and mild detergent and water. **INGESTION:** Get immediate medical attention.

Before using this product, read the Safety Data Sheet (SDS) for more detailed information regarding safe handling.

### FACTS

1. Harmless to floor, wall or furniture surface
2. Electro Chemical principle attracts and pulls dust like a magnet
3. Mops and cloths may be washed and retreated as necessary
4. No restrictions-may be used anywhere

### BENEFITS

1. Makes dusting and mopping easier and better
2. Reduces population of undesirable air-borne microorganisms associated with dust
3. Aids in creating a cleaner and healthier environment
4. Does not produce odors, mess, or other unpleasant conditions
