

3125-ES DUST-A-WAY

SPECIALTIES FOR MAINTENANCE AND SANITATION SINCE 1947

Control Dust in Offices...Easier And More Economically

Foremost Dust-A-Way ... for clean and dust free Offices and Stores.

- Keeps Dust Off Furniture, Office Equipment, Shelving, Etc.
- Electrostatic Action Traps And Holds Dust
- Doesn't Dull Floors — Leaves No Oily Film
- Makes Mops Completely Washable — Last Longer

Cleaning Is Easier . . .

Now, as if by magic, your dust problems are over. Designed for super performance, Dust-A-Way is the one superb dust mop treatment that leaves floors dust free, yet will wash out of mops along with dust and soils.

Dust-A-Way . . .

. . . has built-in rinsing power. Simply rinse in clear water using your own personnel and mops are clean.

Dust-A-Way . . .

. . . lengthens the time between waxings by eliminating "Sand Paper" action of grit upon waxed or sealed floors. Chemically induced magnetic-like electrostatic attraction is the secret.

Effective . . .

Sweeping can be a waste of time unless dust and soils are actually removed from the premises. Ordinary sweeping or dusting only temporarily moves the contaminant from floor or other surfaces to resettle on fixtures, equipment, stock and desks. Never sweep or dust without Dust-A-Way.

Economical . . .

Just total your annual rental bill for mops, and you will find that Dust-A-Way will drastically reduce your overall dry maintenance costs.

DUST-A-WAY IS ENTHUSIASTICALLY RECOMMENDED FOR:

**Sealed or Unsealed Concrete Floors
Waxed or Unwaxed Composition Tile Floors
Tile, Marble and Terrazzo
Finished Wood Floors
Terrazine, Slate
And Other Specialty Floors**

Dust mops are easily treated with Dust-A-Way for effective, low cost dust control.

TECHNICAL DATA

FOREMOST 3125-ES DUST-A-WAY

Rev. 8-8-16

- DESCRIPTION:** A scientifically formulated water-base treatment for dust mops and dust cloths which takes advantage of certain natural properties of its ingredients to attract particles of common air-borne dusts so that they may be easily removed from surfaces. An added amount of wax further aids in removing dust and preventing conditions conducive to dust collections.
- APPLICATION:** Especially recommended for schools, hospitals, gymnasiums, office buildings, etc. where dust-free floors are desirable. It is used on composition tile floors (such as asphalt, linoleum, vinyl, cork or rubber), wax, painted surfaces, terrazzo, marble, wood, plastic or glass surfaces.
- DIRECTIONS:** Apply liberally on dust mop or dust cloth and allow to dry completely. The mop or cloth is then ready for use. When the treated applicator is soiled just throw in washing machine and launder. Re-treat before reuse.
- PRECAUTIONS:** **KEEP OUT OF REACH OF CHILDREN.** Contains Petroleum Distillate. Do not take internally. **MAY BE HARMFUL OR FATAL IF SWALLOWED.** Keep away from heat and open flame. Use with adequate ventilation. Avoid breathing of spray mist. Avoid contact with skin and eyes. If ingested, get immediate medical attention. Keep container closed when not in use. Prolonged contact with skin can cause moderate irritation, defatting, dermatitis.
- FIRST AID: EYES:** Flush with large amounts of water, lifting upper and lower lids occasionally. Get medical attention. **SKIN:** Wash thoroughly with soap or mild detergent and water. **INGESTION:** Get immediate medical attention.
- Before using this product, read the Safety Data Sheet (SDS) for more detailed information regarding safe handling.
