TECHNICAL DATA

FOREMOST 4023-ES HANDY-SAN

Rev. 6-18-2020

DESCRIPTION: An instant hand sanitizer with foaming pump, FM 4023-ES Handy-San kills 99.99% of most common germs that cause illness in as little as 15 seconds.

APPLICATION: Use for hand washing to decrease bacteria on the skin, only when water is not available. Small portable non-leaking dispenser fits easily into pockets, glove boxes, toolboxes, and drawers. Readily available product ensures more frequent use.

DIRECTIONS: Press pump twice to deliver two squirts (about a quarter size) of foaming product onto the palm of your hand. Rub hands together until dry. Wash hands with soap and water at earliest opportunity.

For touchless application, use with FM 9586 Handy-San Automatic Foam Dispenser. Simply fill the reservoir, power on and hold hand under the dispenser.

PRECAUTIONS: For external use only. When using this product, do not get into eyes. If contact occurs, rinse eyes thoroughly with water. Stop use and ask a doctor if irritation and redness develop. Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Before using this product read the Safety Data Sheet (SDS) for more detailed information regarding safe handling.
