TECHNICAL DATA

FM 4024-ES Sani Foam Mango

Rev. 7/10/18

DESCRIPTION: An antibacterial hand soap which effectively reduces the bacterial flora of the skin. When tested via the Time Kill Test, it demonstrates 99% or greater kill against Staphylococcus aureus, E. coli, and Pseudomonas aeruginosa. Formulated with skin conditioners for extra mildness.

APPLICATION: This product is recommended for use in hotels, athletic facilities, business/office buildings, dressing rooms, factories, institutional facilities, locker rooms, nurseries, shower and bath areas.

DIRECTIONS: Eject some FM 4024-ES Sani Foam Mango into hands or on washcloth. For shower, spread over entire body, working to a lather. Rinse and dry with a clean towel.

PRECAUTIONS: **KEEP OUT REACH OF CHILDREN.** May cause eye irritation. Avoid contact with eyes. Do not take internally.

FIRST AID: In case of contact, immediately flush eyes with large amounts of water until burning ceases. Get medical attention immediately if irritation persists.

Before using this product read the Safety Data Sheet (SDS) for more detailed information regarding safe handling.
