TECHNICAL DATA

HAND CLEANERS

Rev. 6-30-23

DESCRIPTION: Delta Foremost's line of hand cleaners is carefully formulated for routinely handling the toughest of cleaning jobs without drying out your hands. Whether choosing our non-solvent formula with walnut scrubbers, our industrial-strength paint and dye-removing formula with naturally occurring pumice, or any of our other various fragrance/scrubber combinations, we have you covered for the toughest of cleaning jobs. All hand soaps contain emollients that prevent dryness by replacing your skin's natural oils leaving hands feeling soft.

APPLICATION: Recommended for daily use in cleaning and moisturizing the skin. Can remove grease, tar, carbon, asphalt, inks, resins, paints, adhesives, and many other soils encountered in an industrial environment.

DIRECTIONS: Apply a small amount of soap to your hands. Work thoroughly into hands, knuckles, and under fingernails. Begin to rinse with a small amount of water while continuing to work hands. Thoroughly rinse with water then dry hands.

PRECAUTIONS: **KEEP OUT OF REACH OF CHILDREN.** May cause eye irritation.

Avoid contact with eyes. Do not take internally.

FIRST AID: In case of contact, immediately flush eyes with large amounts of water until burning ceases. Get medical attention immediately if irritation persists.

Before using this product read the Safety Data Sheet (SDS) for more detailed information regarding safe handling.
