TECHNICAL DATA

FOREMOST 4319-ES BRITE STAINLESS STEEL CLEANER-POLISH

Rev. 11-18-15

DESCRIPTION: A unique formulation in aerosol especially designed to clean, polish and preserve stainless steel, chrome and aluminum surfaces. It contains no gritty residues or harmful abrasives which might mar or scratch the surface. It protects the surface from smudges and finger prints and cleans chemically, not physically. Foremost 4319-ES Brite Stainless Steel Cleaner-Polish contains no chlorinated solvents, CFCs or other ozone depleting substances.

APPLICATION: Recommended for restaurant equipment, coffee makers, ovens, freezers, stoves and grills, sinks and countertops, drinking fountains, elevators and doors and any stainless steel surface. It is used on stainless steel, chrome, aluminum, brass and copper to remove spots, finger prints, grease, water marks, film and marks.

DIRECTIONS:

1. Shake well before using.
2. Spray a liberal amount of stainless steel cleaner on a surface to be cleaned.
3. Wipe off the cleaner with a clean dry cloth and allow the remaining residue to set and dry for a few seconds.
4. With a dry cloth, polish the surface to a high luster.

PRECAUTIONS: **KEEP OUT OF REACH OF CHILDREN.** Contains petroleum distillates. **FLAMMABLE.** Harmful or fatal if swallowed. Use with adequate ventilation. Contents under pressure. Do not puncture or incinerate container. Do not expose to heat or flame. Do not store at temperatures above 120°F.

FIRST AID: INGESTION: do not induce vomiting. Call a physician immediately. **INHALATION:** Remove to fresh air, resuscitate if necessary and get medical attention.

Before using this product, read the Safety Data Sheet (SDS) for more detailed information regarding safe handling.
