

4501-ES KOIL BRITE

SPECIALTIES FOR MAINTENANCE AND SANITATION SINCE 1947

FM 4501-ES Koil Brite is easily sprayed on the surface of the air conditioning unit. It powerfully penetrates where manual cleaning can't reach.

The muscle of Koil Brite's self-generating "Pro Foam" lifts dirt and debris out of deep recesses, then expels them to the surface.

Koil Brite is free rinsing. It brightens AC coils and fins and leaves them clean and shiny. In just a few minutes, what used to be a "dreaded, tedious job" is complete.

Koil Brite Turns the Drudgery of Cleaning Air Conditioner Coils Into a Fast, Easy, Effective Task

ECONOMICAL—Save untold thousands in energy costs. An air conditioner with clean coils runs more efficiently and uses much less electricity. Dirty and debris-laden coils have to work harder to achieve the same level of cooling since their heat transfer ability is so negatively impacted.

EASY-TO-USE—Koil Brite's exclusive "Pro-Foam" moves dirt and debris off of coils with forceful lifting action.

POWERFUL—One application produces "as new" cleanliness.

CONVENIENT—Ready to use — mixing not necessary— works without heat.

LOW ODOR—No objectionable odors to be circulated through buildings or rooms. Use anytime. No need to wait until nights or weekends when the area is unoccupied.

USED BY—

- HVAC Maintenance
- Industrial Maintenance
- Food Processors
- Hotels/Motels
- Hospitals/Nursing Homes
- Restaurants
- Supermarkets

RECOMMENDED FOR—

- Roof-mounted air conditioners
- Window units
- Refrigeration units
- Display cases

TECHNICAL DATA

FOREMOST FM-4501-ES Koil Brite

Rev. 11-28-17

DESCRIPTION: Foremost FM-4501-ES Koil Brite is a concentrated alkaline product formulated for fast and efficient removal of dirt, grease, grime, debris and similar contamination from aluminum, steel and other metals. Koil Brite contains a unique blend of surfactants and wetting agents which penetrate dirt and allow for ease of removal.

APPLICATION: FM-4501-ES is designed for use on aluminum AC coils.

NOTE: Avoid contact with glass and painted surfaces. If contact should occur, rinse immediately with water.

DIRECTIONS: Use "as is" for best results but product may be diluted 1:1 with water for economy. Turn air conditioner off before applying product. Spray directly onto surface to be cleaned and allow to remain for 4–5 minutes. Rinse thoroughly with water.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Contains Sodium Hydroxide. Causes severe burns to skin and eyes. Do not get in eyes, on skin or clothing. Do not take internally. Keep container closed. Use with adequate ventilation. When handling, always wear chemical splash goggles, face shield, rubber gloves and protective clothing.

FIRST AID: EYES AND SKIN: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. Remove contaminated clothing. Wash clothing before reuse.
INGESTION: Do not induce vomiting. If person is conscious, give large quantities of water or milk, if available. Get medical attention immediately.

Before using this product, read the Safety Data Sheet (SDS) for more detailed information regarding safe handling.
