SPECIALTIES FOR MAINTENANCE AND SANITATION SINCE 1947

CLEANS...
With Combined Detergent
And Solvent Action

DEODORIZES...
Destroys Odors At
The Source

With a Freshness of Nature's Pine Woods

FOR THE CLEANLINESS MINDED. . .

FOREMOST 4519 PINE-AIRE contains special ingredients to dissolve and emulsify soils, inhibits bacteria and mold, and leaves a residual film to slow their regrowth.

Ideally suited for maintenance of restrooms, kitchens, and other areas where a clean, odor-free environment is desired.

FOR THE ECONOMY MINDED. . .

FOREMOST 4519 PINE-AIRE is specially formulated to give top quality results at a cost you can live with. At use concentrations, costs only pennies to clean, and deodorize.

Packed in 55 Gallon Drums

TECHNICAL DATA

FOREMOST 4519 PINE-AIRE

Rev. 7-13-15

DESCRIPTION: The ability of Pine Oil to clean and deodorize in one quick and easy step has been proven by generations of users. Foremost 4519 Pine-Aire is a high quality formulation of Pine Oil, wetting agents, and emulsifiers designed for general purpose cleaning and deodorizing. This highly concentrated cleaner mixes with water to form a clear, stable use solution. The use solutions are non-corrosive and non staining to plastic, vinyl, synthetics, enamel, tile and most common metals.

APPLICATION: Recommended for general cleaning in public rooms, homes, restaurants, barber & beauty shops, and pet quarters—wherever cleaning and deodorizing is needed. FM 4519 Pine-Aire is recommended for walls, floors, tables, counters and glass, metals, plastic, tile, porcelain and finished wood surfaces.

DIRECTIONS: **FOR CLEANING:** The strength of the use solution can be tailored to the particular soil level in the area to be cleaned—For light soil use 2 - 4 oz. of this product per gallon of water. Heavier soils may respond better to 6 or even 8 ounces per gallon.

INDUSTRIAL AREAS, BARBER SHOPS, RESTROOMS, RESTAURANTS, FOOD AND MEAT PROCESSING PLANTS: (non-food processing areas), public rooms, other uses: preclean surfaces. Then deodorize with a solution of 2 to 4 ounces of this product in a gallon of water (1 part in 63 to 32 parts water). Alternatively, clean and deodorize in one operation using 4 to 8 ounces of this product per gallon of water (1 part in 32 to 16 parts water).

FOR DEODORIZING: Garbage cans, garbage trucks, industrial waste receptacles, and garbage handling equipment. It is especially important to preclean the area and remove any organic waste for the product to perform properly. Then, apply a wetting concentration of 1 to 4 oz. of this product per gallon of water. Do not rinse to leave the long-lasting pleasant aroma of Pine Oil.

PRECAUTIONS: **KEEP OUT OF REACH OF CHILDREN.** Causes eye or skin irritation. Do not get in eyes, on skin or on clothing. Harmful if swallowed. Avoid contamination of food. **DO NOT USE, POUR, SPILL, OR STORE NEAR HEAT OR OPEN FLAME.**

FIRST AID: EYES: In case of eye contact, immediately flush with large amounts of water for at least 15 minutes. If irritation persists, get medical attention. **INGESTION:** drink promptly a large amount of water, or if available, drink a large amount of milk or raw egg white. Avoid alcohol. Call a physician immediately.

Before using this product, read the Safety Data Sheet (SDS) for more detailed information regarding safe handling.
