

4546

# DEO-GRANS

SPECIALTIES FOR MAINTENANCE AND SANITATION SINCE 1947

## **KNOCK — OUT — ODORS** **Absorb And Destroy Unpleasant Odors**

## **Simply Scatter Granules, Then Breathe Easy**

**FOREMOST 4546** is a new granular chemical complex which wipes out both organic and inorganic malodors. The formula effectively counteracts bad odors caused by decay, putrefaction, decomposition, and odorous gases.

**TRIPLE ACTION**—Foremost 4546 is not a perfume or mask. Unique three-way action combines absorption, chemical reactivity, and positive deodorizing to knock out malodors.

**EASY TO USE:** No special equipment. No mixing. Ready for immediate use. Simply scatter.

**ECONOMICAL:** Long lasting residual activity. Highly concentrated and efficient at any temperature, in any season, or under any climatic conditions. The most economical method available for control of objectionable and unwanted odors.

**NOTE:**

Foremost 4546 improves neighborhood, public, and employee relations by eliminating complaints regarding bad odors. Keeps bad odors from wafting inside.

**PLACES OF USE ARE ALMOST LIMITLESS**

GARBAGE DUMPS  
RENDERING PLANTS  
GARBAGE TRUCKS  
SLAUGHTER HOUSES  
MEAT PACKING PLANTS  
SEAFOOD PACKERS  
ANIMAL KENNELS  
VETERINARY CLINICS  
SEWAGE PLANTS  
PAPER INDUSTRY

LEATHER INDUSTRY  
INCINERATORS  
LAND FILLS  
HOTELS & MOTELS  
RESTAURANTS  
BREWERIES  
POULTRY PLANTS  
CANNERIES  
DAIRIES  
SUGAR REFINERIES

**PACKED IN 500 lb. DRUMS**

# TECHNICAL DATA

## FOREMOST 4546 DEO-GRANS

Rev. 8-16-18

**DESCRIPTION:** A dry granulated free flowing chemical complex designed for destroying both inorganic and organic malodors. The granules are highly absorptive and thus draw many bad odors while giving off their own positive scent. The special ingredients work in many ways to control and eliminate the unpleasantness of bad odors.

**APPLICATION:** Foremost 4546 Deo-Grans was designed especially for outside use. Places to use the granules are almost without limit, virtually anywhere that bad odors occur. It can be highly recommended for hotels, motels, cafeterias, restaurants, kennel pens and animal runs in zoos, incinerators, sewage plants, composts, rendering plants, garbage dumps and trucks, garbage cans, breweries, canneries, slaughter houses, packing plants, dairies, sugar refineries, leather industry, paper industry, sea food plants, and food processing plants.

**DIRECTIONS:** When used on garbage dumps, sludge pits, and the like, the granules should be scattered over the whole area using as much as necessary according to the type and intensity of odor. It is not necessary to cover the whole area with a blanket of granules. For refuse cans, garbage cans, dumpster hoppers and the like, granules should be sprinkled inside before they are filled. Added benefit is gained by scattering granules over the content when such containers are filled.

**PRECAUTIONS:** **KEEP OUT OF REACH OF CHILDREN.** Contains chlorinated and aliphatic hydrocarbon solvents. May cause eye and skin irritation. Avoid contact with eyes and skin. Do not take internally.

**FIRST AID: EYES:** Flush eyes with plenty of water. Get medical attention. **SKIN:** Wash with soap and water. Get medical attention if irritation occurs.

Before using this product, read the Safety Data Sheet (SDS) for more detailed information regarding safe handling.

### FACTS

1. Absorbs odors
2. Emits positive scent
3. Easy to use
4. Nothing to mix
5. Anyone can apply
6. Kills outdoor malodors

### BENEFITS

1. Porosity of granules absorbs odors
2. Dilutes bad odors in the air
3. Simply scatter according to directions
4. Use as furnished
5. No special knowledge needed
6. Prevents bad odors from drifting inside
