- **Cleans**
- **Restores Appearance**
- **Deodorizes**
- **Economical**
- **Concentrated**

**BLACKENED GROUT AND  
SOAP SCUM COATED TILE  
ARE EYESORES.**

## For Clean, Odor-Free Bathrooms

**RENEWS** — Foremost 4567-ES is a new and unique blend of selected cleaners and rinsing agents that are ideal for highly effective cleaning. The thick bodied clinging action allows for longer surface contact and aids in deep cleaning.

**REMOVES** — The most stubborn scale, mineral deposits, rust stains, soap scum, lime, uric acid salts and various unsightly stains. Even whitens grout.

**VERSATILE** — Its rapid detergent action cleans toilet bowls, shower walls, floors, grout, bathtubs, urinals, wash basins, lavatories and drinking fountains. The main source of toilet odors is the encrusted scale beneath flush rings. This scale is where offensive, disease and odor causing germs breed. Foremost 4567-ES is especially effective against this type of build-up.

**PROTECTS** — Will not harm plumbing or septic tanks. Non-abrasive, cleans without scouring or scratching.

**PACKAGED 48 QUARTS PER CASE  
AND 55 GALLON DRUMS.**

### NOTE:

By chemical removal of sources of offensive odors, Foremost 4567-ES deodorizes as it cleans. Used for remedial maintenance cleaning and to restore "like new" appearance to soiled bathroom fixtures, ceramic tile floors and shower stalls.

**CONCENTRATED** — Dilutes with water for many uses in bathroom cleaning; more economical than ordinary cleaners. No offensive acid odor, rather a pleasant natural sassafras fragrance.

### ENTHUSIASTICALLY RECOMMENDED FOR USE BY:

HOSPITALS	RESTAURANTS
INSTITUTIONS	SCHOOLS
HOTELS-MOTELS	FACTORIES
OFFICE BUILDINGS	FOOD PLANTS

# TECHNICAL DATA

## FOREMOST 4567-ES BATHROOM CLEANER

Rev. 3-3-16

**DESCRIPTION:** A unique blend of detergents, wetting agents and mineral acids that makes it highly effective for removing mildew, dirt, soap scum and stains. Foremost 4567-ES Bathroom Cleaner protects most surfaces because it is non-abrasive, and cleans without scouring or scratching. The thick viscous properties of this product cause it to cling-on, thus reducing waste and aiding in cleaning as it deodorizes.

**APPLICATION:** Foremost 4567-ES Bathroom Cleaner is recommended for use on bath tubs, shower stalls, tiles, porcelain, Formica®, wash basins, fiberglass, toilet bowls and urinals. It is used in hospitals, office buildings, schools, factories, motels, hotels, cafeterias, restaurants and food processing plants. It has proven most effective for removing mineral deposits, soap scum, stains and rust.

**DIRECTIONS:** **FOR REMOVAL OF MILDEW, SOIL AND SOAP SCUM FROM SHOWER STALLS, BATHTUBS, TILES, PORCELAIN, ETC.**

**NOTE:** This product is concentrated and **MUST** be diluted with water before use per directions and **ALWAYS** rinsed well with water IMMEDIATELY.

1. Initially dilute 1 part of concentrate with 3 parts of water. After remedial use, dilute 1 part concentrate with 10 parts water.
2. Apply to surface by spray, sponge, mop or cloth.
3. Agitate with brush or damp cloth and rinse with water immediately.
4. **DO NOT** allow solution to remain on metal fixtures without rinsing.

### **FOR CLEANING AND DEODORIZING TOILET BOWLS AND URINALS:**

1. Remove water from bowl and bowl mop by pushing the water back over the trap.
2. Apply Foremost 4567-ES Bathroom Cleaner to bowl mop.
3. Coat all insides of surface with cleaner.
4. Keep surfaces wet for 5 minutes. Scrub well with bowl brush, then flush clean.
5. Repeat procedure as required.
6. Foremost 4567-ES may be used undiluted for cleaning toilet bowls if necessary.

**PRECAUTIONS:** **KEEP OUT OF REACH OF CHILDREN:** Contains Phosphoric Acid. Do not breathe vapors. Use with adequate ventilation. Do not take internally. When handling avoid contact with skin and eyes.

**FIRST AID: EYES AND SKIN:** In case of contact, immediately flush with plenty of water for at least 15 minutes. Remove contaminated clothing and shoes under shower. Get medical attention. **INGESTION:** Give large amounts of lime water or milk of magnesia or water. Get medical attention immediately. **INHALATION:** If inhaled, move to fresh air. If breathing is difficult, give oxygen. Get medical attention immediately.

Before using this product, read the Safety Data Sheet (SDS) for more detailed information regarding safe handling.
