# TECHNICAL DATA

## FOREMOST 4569-ES FOAM-N-KLEEN

Rev. 11-13-15

**DESCRIPTION:** A unique formulation in aerosol that dispenses a thick, wall-hugging foam with cleaning action that removes discoloration, dirt, stains, soap films, etc. It is non-acidic and non-abrasive, therefore safer for more surfaces and cleans without scouring or scratching. Foremost 4569-ES Foam-N-Kleen destains with no acid etch. Longer surface contact of unique cleaning and brightening agents assures stain-free whiter grouting, film-free tiles, glistening fixtures, and it deodorizes by removing germ-laden contamination.

**APPLICATION:** Spray onto any non porous non glass surface, then wipe clean. No rinsing required. The penetrating foam improves battery efficiency, gives better performance, quicker starting and longer battery life. Foremost 4569-ES Foam-N-Kleen produces fewer change outs on industrial battery-powered equipment and service calls as well as battery recharging.

**DIRECTIONS:** Recommended for removing unsightly stains and discoloration from grouting, tile, toilet bowls, chrome plated and stainless steel fixtures and is a must for schools, motels, food processors, industry, nursing homes, hospitals, locker rooms, clubs, office buildings, and cafes. It is used wherever porcelain or vitreous fixtures, ceramic, plastic or mosaic tiles, marble or terrazzo, chrome or stainless steel furnishings have lost their original beauty. Also a special formulation in aerosol designed to clean battery terminals, cable clamps and reduce corrosion.

### **FOR GROUT, PORCELAIN AND TILE:**

1. Shake can before spraying.
2. Spray surface from about 3 inches away.
3. Allow foam to set for several seconds, then scrub (particularly grouting) with a brush.
4. Remove as much water as possible from toilets and urinals before foaming.
5. Rinse or flush after brushing.

### **FOR BATTERIES AND TERMINALS:**

1. Shake can well before using.
2. Hold can 6 to 8 inches from surface to be cleaned.
3. Spray on battery and terminals, covering it with white foam.
4. Wipe off all corrosion and soil with clean cloth or sponge.
5. For hard to clean batteries and terminals, allow foam to penetrate and then wipe off.

**PRECAUTIONS:** **KEEP OUT OF REACH OF CHILDREN.** Eye and skin irritant. Contains sodium hydroxide. Avoid contact with skin and eyes. If eye contact occurs, flush with water for 15 minutes. If irritation persists, consult a physician. If skin contact occurs, remove contaminated clothing. Wash with soap and warm water. If irritation persists, consult a physician. Use with adequate ventilation. Vapor may be harmful. Avoid prolonged or repeated breathing of vapors. If overcome by fumes, move victim to fresh air. Resuscitate if necessary. Get medical attention. Contents under pressure. Do not puncture container. Do not store at temperatures exceeding 120°F. Do not incinerate or spray into an open flame. Avoid contamination of food. Do not use in confined area.

Before using this product, read the Safety Data Sheet (SDS) for more detailed information regarding safe handling.
