TECHNICAL DATA

FM 4810-ES BUG OFF! WIPES

Rev. 11-3-16

- DESCRIPTION:** FM 4810-ES Bug Off! Wipes provide up to 4 hours of protection from mosquitoes, which can carry the Zika and West Nile viruses. Also effective against black flies, chiggers, fleas, gnats, sand flies, stable flies and ticks. These convenient, easy to use wipes allow for quick and thorough application to skin, hair, and clothing to ensure maximum protection.
- APPLICATION:** Go anywhere wipes are perfect for the job site or for recreation. Useful for construction work, gardening, hunting, boating, biking, utility work, road work, farming, fishing, camping, sanitation crews, golfing, etc.
- DIRECTIONS:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Wipe and spread evenly to moisten exposed skin. Use just enough repellent to cover exposed skin and/or clothing. Avoid over-application of this product. Frequent reapplication and saturation of clothing are unnecessary for effectiveness. When using on face, apply sparingly, avoiding eyes and mouth. Apply sparingly around ears. Do not allow children to handle this product. Do not apply to eyes and mouth. Do not apply to children's hands. When using on children, apply to your own hands then put it on the child. Do not apply over cuts, wounds or irritated skin. Also apply to clothing such as shirt, pants, hat and socks. Do not use under clothing. For Chiggers and Ticks, apply to shirt and pant cuffs and socks.

After returning indoors, wash treated skin with soap and water. Wash treated clothing before wearing it again. Use of this product may cause skin reactions in rare cases. If you suspect a reaction to this product, discontinue use, wash treated skin and call your local poison control center. If you go to a doctor, take this repellent product with you.

NOTE: Will not damage cotton, wool or nylon. Do not apply on acetate rayon, Spandex or synthetics other than nylon, furniture, plastics, watch face crystal, leather and painted or varnished surfaces (including automobiles).

DIRECTIONS FOR DISPENSING: Remove lid. Pull towel from center of the roll and thread through underside of lid. Do not push finger through lid opening. Pull towel at 90° angle. Snap hinged cap back into place so towels stay moist. Not for use on plants being grown for sale or commercial seed production, or for research purposes. For use on plants intended for aesthetic purposes or climactic modification and being grown in ornamental gardens or on golf courses or lawns and grounds.

- PRECAUTIONS:** **HAZARDS TO HUMANS AND DOMESTIC ANIMALS.** Causes substantial but temporary eye injury. Harmful if swallowed. Do not get in eyes. Use of this product may cause skin reactions in rare cases. Wash treated clothing before wearing it again. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

See label and Safety Data Sheet (SDS) for additional precautionary statements and first aid.
