

# 4887-ES MISTI-CIDE INSECTICIDE

### **SPECIALTIES FOR MAINTENANCE AND SANITATION SINCE 1947**

4887-ES kills disease-carrying flies, mosquitoes, and other flying pests; including resistant insect groups.

Convenient Aerosol

# THE MODERN, EFFECTIVE INSECTICIDE

## Kills Flies Instantly

**KILLS ON CONTACT** — Truly today's high concentrated insecticide with outstanding killing efficiency! Balanced proportions of active ingredients KILL, not merely stun, insects in their crawling, running or flying stages.

**NO IMMUNITY BUILD-UP** against this formulation has been recorded. Synergistic action assures unsurpassed results.

**ECONOMICAL** — Less insecticide is required by virtue of the high concentration of lethal insecticidal ingredients.

### **TECHNICAL DATA**

#### FOREMOST 4887-ES MISTI-CIDE INSECTICIDE (AEROSOL)

Rev. 4-23-02

- DESCRIPTION: An effective, ready-to-use, multi purpose insecticide for application in aerosol. Kills on contact mosquitoes, flies, wasps, roaches, hornets, waterbugs, silverfish, crickets, and ants.
- APPLICATION: Recommended for use in food and nonfood areas of warehouses, food processing plants, supermarkets, hotels, theaters, schools, offices, bottlers, restaurants, caterers, dairies, and meat packers.
- DIRECTIONS: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. SHAKE BEFORE USING AND AT INTERVALS DURING PROLONGED USE. Hold container upright with nozzle away from you. Press valve down and spray as directed. To avoid possible staining of fabrics or surfaces, do not spray at close range. Flies, Mosquitoes, Gnats, Wasps, and Flying Moths (Millers): Close all doors and windows and spray room at the rate of 1 second per 1000 cubic feet. Direct spray to all parts of the room, especially windows and other light sources which attract these insects. Keep nozzle in constant motion. Keep room closed for 10 to 15 minutes after treatment. Repeat treatment as necessary. Roaches, Waterbugs, Silverfish, Crickets, Spiders, Centipedes, and Sow Bugs: Spray into hiding places such as cracks and crevices, behind sinks, cabinets, along baseboards and floors, whenever possible. Repeat treatment as necessary. Ants: Spray trails, nest and points of entry. Spray on ants where possible. Repeat as necessary. Indian Meal Moths and Angoumois Grain Moths: Close doors and windows. Direct spray into all parts of room especially around stored food product container, pallets and darkened areas. Spray 7 to 10 seconds for each 1000 cubic feet of space. Keep area closed for 15 minutes following treatment. Repeat application weekly or as needed. Carpet Beetles: Spray directly on beetles, baseboards, floors, shelves and carpets. Repeat treatment as necessary. Confused Flour Beetles, Saw-toothed Grain Beetles, Granary Weevils, Rice Weevils, Red Flour Beetles, Grain Mites: Spray into cracks and crevices, processing and handling equipment, around cartons or containers and other areas where these insects tend to congregate. Spray 30 seconds for each 100 square feet of surface. Keep area closed for 45 minutes to 1 hour after treatment. Repeat application as necessary. Lice: Spray on garments, bedding, mattresses, furniture, floors, carpeting and inanimate surfaces. First spray an inconspicuous area to test for possible staining or discoloration. Inspect after drying, then proceed to spray entire area to be treated. Hold can upright with nozzle away from you. Press button and spray surfaces to be treated from a distance of 10 inches. Spray each square foot for 3 seconds, directing spray into all infested surfaces until moist. For bedding: Make sure spray is directed in corners of fitted sheets and blankets as well as inside and outside of pillow cases, In the case of garments and headgear, close attention should be given to seams, hems, cuffs, and creases. After treatment, bedding and all garments must be either laundered in hot water or dry cleaned as required. For Mattresses, furniture and carpeting: Direct spray into all folds, trucks, seams and crevices of infested areas until moist. Allow all treated surfaces to dry completely before use. Bedbugs: Spray mattresses, particularly around tufts and seams. Take beds apart and spray into all joints. Treat baseboards, moldings and frames. Repeat treatment as necessary. Fleas: Spray sleeping guarters, bedding, floor and floor covering where pets are kept. Repeat as necessary. Use only a recommended pet spray on pets.

PRECAUTIONS: Avoid breathing in vapor or contact with skin or eyes. Vacate premises after treatment and ventilate before reoccupying. Avoid contamination of feed and foodstuffs. When using this product in food processing plants, food should be removed or covered during treatment. All food processing surfaces should be covered during treatment and washed with an effective cleaning compound followed by a potable water rinse before reuse. When using this product in these areas, apply only when the facility is not in operation. Remove pets, birds, and cover fish aquariums before spraying. Before spraying in medical care areas, remove all patients. After spraving ventilate area for 2 hours before returning patients. STATEMENT OF PRACTICAL TREATMENT IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated. Give nothing by mouth to an unconscious person. IF IN EYES: Flush eyes with water for 10-15 minutes. Contact a physician if irritation persists. IF ON SKIN: Remove contaminated clothing, Thoroughly wash affected area with soap and water. Contact a physician if irritation persists. Wash cloths before reuse. PHYSICAL OR CHEMICAL HAZARDS: Contents under pressure. Do not use or store near open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith. STORAGE AND DISPOSAL: Storage: Store in a cool dry place inaccessible to children and pets and away from heat or open flame. Disposal: Replace cap, wrap in several layers of newspapers and discard in trash. Do not puncture or incinerate.
