

5510B
EXTRA MILD DETERGENT

SPECIALTIES FOR MAINTENANCE AND SANITATION SINCE 1947

Easy on the hands

**UNEQUALED
DETERGENCY!**

**CUTS
CLEAN-UP
COSTS!**

COMBINES SUPERIOR CLEANING WITH MILDNESS!

FAST — Instantly penetrates, breaks up and suspends food residues and fat-bonded soils through combined wetting and emulsifying action.

BUFFERED ALKALINITY — Insures dynamic cleaning properties, yet is not harsh to the skin or delicate equipment surfaces. Offers complete safety to painted surfaces, floors and all metals, including aluminum.

FREE RINSING — Stainless steel, galvanized and aluminum equipment dry free of streaks and water spots. "Sheet flow" rinsability insures film-free surfaces for lower bacteria count.

ECONOMY — Use only one to two ounces per 10 gallons of water for true economy. Low cost solutions save time and labor through complete cleaning performance.

NOTE: Foremost 5510B is a scientifically produced general cleaner designed specifically for manual or brush cleaning where extra mildness to the hands is demanded.

Authorized by USDA for use in federally inspected meat and poultry plants.

RECOMMENDED FOR:

Dairies	Canneries
Packing Plants	Shortening Packagers
Poultry Processors	Frozen Food
Bottlers	Other Food Processors

PACKED IN 400 LB. DRUMS

TECHNICAL DATA

FOREMOST 5510B EXTRA MILD DETERGENT

Rev. 5-4-17

DESCRIPTION: An extra-mild general purpose cleaner form designed for manual use in dairies, packing houses, poultry houses, hatcheries, and other food processing industries. Contains no harsh alkalis, it will not damage equipment, yet quickly and thoroughly destroys undesirable film, removes sources of odors and assists in eliminating bacteria breeding places.

APPLICATION: Recommended for economical use on floors, cans, storage vats and tanks, pasteurizers, vacuum pans, weigh tanks, tank trucks, hatchery trays and other equipment where manual or brush cleaning is employed. Manual application helps to prevent contamination of food products.

DIRECTIONS: Usually $\frac{1}{3}$ to 3 ounces per gallon of water is sufficient for most manual cleaning operations. The concentration used may be varied with frequency of cleaning and type and amount of contamination present. Rinse with clear water after using.

PRECAUTIONS: **KEEP OUT OF REACH OF CHILDREN.** May cause irritation to eyes. Repeated contact may cause redness and dry cracked skin. Avoid contact with eyes. Do not take internally.

FIRST AID: In case of contact immediately flush eyes with plenty of water for at least 15 minutes. If irritation persists obtain medical attention.

Before using this product, read the Safety Data Sheet (SDS) for more detailed information regarding safe handling.

FACTS

1. Powdered concentrate
2. Controlled pH
3. Mildly alkaline
4. Superior rinsing
5. 100% active
6. Highly efficient

BENEFITS

1. More economical than liquids
2. Safe on galvanized aluminum and other soft metals
3. Free rinsing insures clean, film-free equipment
4. High activity means less compound to do the job
5. More thorough removal of bacteria producing soils and film
