# ZORBITALL

## 6000-ES

ONE PALLET OF FM 6000-ES  
ZORBITALL REPLACES MULTIPLE  
PALLETS OF BAGS OF CLAY.

1

2

3

### LIGHTWEIGHT

Easy to handle. Reduces transportation and disposal costs.

### SAFETY

Complete absorption of oil and paint residue. Eliminates hazardous residual oil, providing a slip free work environment. An alternative to the back breaking chore of handling 50# bags.

### ECONOMICAL

High tech advanced formula absorbs six times more than clay based compounds. Can be reused until fully saturated. Separate "clumped" product from fresh material and reuse.

### COMPACT STORAGE

Eliminates the need for pallets of clay based compounds.

### DUST FREE

Does not produce airborne dust like clay based compounds.

### NON-ABRASIVE

Will not scratch finished floors like clay based compounds.

#### • MACHINERY LEAKS

#### • PAINT SPILLS

#### • SERVICE SHOP FLOORS

#### • FOOD OILS

## WATERPROOF

Pails left in service trucks are safe from becoming a soggy mess. Resealable containers eliminate spillage in service trucks.

## DISPOSAL

FM 6000-ES ZORBITALL may be burned unlike clay compounds. Absorbed paint can be thrown in the garbage once it has dried.

## CONVENIENT

Lightweight pails are easily distributed to service trucks, service bays, and satellite locations. Handy packaging makes it easy to transport product into onsite service calls. Avoid harming expensive epoxy or sealed floors, and leaving a mess in your customer's facilities.

## EXCELLENT FOR

- Warehouses
- Boom & Crane Trucks
- Fuel Centers
- Machine Shops
- Equipment Rental
- Truck Shops
- Transport Companies
- Manufacturing Facilities
- Food Plants
- Paint Shops

## PACKED IN CONVENIENT 4.5 GALLON PAILS

## TECHNICAL DATA

### FOREMOST 6000-ES ZORBITALL

Rev. 8-4-22

**DESCRIPTION:** Zorbitall is an easy-to-use absorbent specially formulated to aggressively absorb and fully clean all types of oil spills. Oil absorbent can often be heavy and require more than one application to fully clean an oil spill area. Our Zorbitall is lightweight, does not require a large amount for complete spill clean up, and can remove all oil and residue in one simple application. Zorbitall is an easy, cost effective way to clean any oil spill. Zorbitall has been proven effective at absorbing all paint spills of both oil and water based types.

**APPLICATION:** For use in: warehouses, food plants, manufacturing facilities, truck shops, equipment rentals, fuel centers, paint shops, machine shops, boom & crane trucks, and transport companies.

**DIRECTIONS:** Cover oil spill with FM 6000-ES Zorbitall until spill cannot be seen. Agitate until all oil is absorbed. Sweep up used absorbent. If any residue remains on the floor, reapply a small amount of absorbent and stir around until all residue is gone.

**PRECAUTIONS:** **KEEP AWAY FROM CHILDREN.** DO NOT dispose of in sinks, toilets, bathtubs, or sewer systems. Spilled materials are slippery. Spills should be picked up and surfaces cleaned immediately to avoid slip hazards. Absorption rate may vary based upon thickness of spill to be absorbed. All materials absorbed must be disposed of in proper method based on local, state, and federal regulations.

Before using this product, read the Safety Data Sheet (SDS) for more detailed information regarding safe handling.
