

621 GLOSS CAR WASH

SPECIALTIES FOR MAINTENANCE AND SANITATION SINCE 1947

Fast penetration of soils and road films for speedy wash jobs.

POLISHES AS IT CLEANS

FOREMOST 621 gives the sparkling, glossy car wash job that makes your customer smile. Costs very little, if any, more than ordinary car wash detergents.

HIGH GLOSS WASH JOB WITH NO EXTRA COST

FOREMOST 621 GLOSS CAR WASH is a unique new liquid car shampoo with high detergent value, incorporating a wax-like polishing agent.

CLEAN AND GLOSS in one operation. Foremost 621 is safe to use on any acrylic, lacquer, or epoxy automotive finish. It will not harm waxed, porcelainized, silicone or plastic polished surfaces.

NO STREAKS OR WATER SPOTS—Electro-chemical reaction causes deposit of glossing agent to painted or metal surfaces, but prevents adherence to glass, eliminating streaked windshields or windows.

NO EXTRA LABOR—Washing and wiping is the same as with any good car wash. The resulting shine, however, can be even further implemented by rubbing with a dry, soft cloth.

LESS THAN 10¢ PER CAR—Only 1 oz. of concentrated Foremost 621 per gallon of water gives the highly desired, customer-pleasing gloss wash.

— NOTE —

Delta Foremost Chemical Corporation carefully refrains from suggesting that a wash job with Foremost 621 Gloss Wash is equivalent to a "Wax Job." Obviously, the small amount of residual polishing agent deposited during a wash job cannot offer the protection or long lasting shine achieved by rubbing on a pint or more of wax.

Many imitative products do make or imply such claims. We regard such statements as absurd and an insult to the buyer's intelligence.

Foremost Gloss Wash simply delivers the best looking, shiniest car wash you can offer your customers, with no appreciable difference in labor or material costs compared to ordinary detergents. No so-called "Wax and Wash" material can do more, most do not do as well in spite of farfetched claims and prices to match.

TECHNICAL DATA

FOREMOST 621 GLOSS CAR WASH

Rev. 8-12-16

DESCRIPTION: A unique liquid car shampoo which leaves a wax-bright shine as the car is washed—all in one easy application.

This product contains no soaps or other components harmful to car finishes. It is composed of laboratory developed materials, which allow maximum cleaning and complete rinsing. It performs well in both hard water and soft water providing maximum safety to glass, paint, enamel, upholstery and rubber.

APPLICATION: Recommended for all types of automotive finishes including cars, trucks, buses, trailers, etc. It is suitable for all colors and all makes.

DIRECTIONS:

1. Add 4-6 ounces of 621 Gloss Car Wash to a pail of clean water.
2. Always wash in a shaded area.
3. Pre-cool vehicle by rinsing with cool water from hose.
4. Apply the solution liberally with a sponge or cloth starting with the roof.
5. Wash only one section at a time and rinse before proceeding to the next area.
6. Wipe remaining water droplets with a cloth or sponge. To improve gloss, rub lightly with a soft dry cloth.

PRECAUTIONS: **KEEP OUT OF REACH OF CHILDREN.** Contains hydrocarbon solvents. May be harmful if swallowed. Do not mix with foodstuffs. May cause eye irritation. Avoid contact with eyes.

FIRST AID: EYES: In case of contact immediately flush with plenty of water for at least 15 minutes. Get medical attention immediately if irritation persists. **INGESTION:** Drink water, lemon juice or vinegar diluted with water and induce vomiting. See physician immediately.

Before using this product, read the Safety Data Sheet (SDS) for more detailed information regarding safe handling.

FACTS

1. It's a liquid
2. Highly concentrated
3. Contains wax
4. Superior soil suspension
5. Increased rinsability
6. Non-toxic
7. Pleasant odor
8. Superior suds

BENEFITS

1. More easily handled and stored. Dissolves instantly.
2. The increased concentration makes it the most economical liquid car wash on the market.
3. Imparts a waxed shine after washing due to built-in, high quality automotive wax for combination clean and shine.
4. The superior soil suspension ensures that you do not have redeposition of the removed soil and grease until it is flushed away.
5. The rinsability is increased to such a degree that the water flows off in sheets, eliminating the greater portion of chamoising. You have a film-free surface.
6. It is completely non-toxic and safe to use.
7. The foam will hold up under the most rigid test, such as in the removal of gasoline and similar fuels.
