

700A
WHITE SIDEWALL
TIRE CLEANER

SPECIALTIES FOR MAINTENANCE AND SANITATION SINCE 1947

Brightens White As Snow In Half The Time.

Spray
Tires Whiter
...Fast!

SPRAYS AWAY DIRT, GREASE AND SCUFF MARKS

SPRAY ON TIRE—Foremost 700A Liquid White Sidewall Tire Cleaner is applied to the tire with a Foremost Sprayer, before washing body of car. Instantly its cleaning and bleaching action goes to work, getting rid of dirt, grease and scuff marks. Saves up to fifteen minutes per set of whitewalls. When body is washed, go over tire and wheel with wet wheel brush or wash mitt and rinse. Tire is snow-white. No tiresome wire brushing required.

NO WASTE—Because it's so easy to apply—goes where it's aimed. Other types of white sidewall cleaners in powder or jelly forms are often spilled or used wastefully by employees.

ECONOMICAL—Supplied as a liquid concentrate... Dilute concentrate with two parts of water to make ready-to-use material. Foremost 700A White Sidewall Tire Cleaner is most economical when considered from both cost of material and your savings in time and labor.

TECHNICAL DATA

FOREMOST 700A WHITE SIDEWALL TIRE CLEANER

Rev. 7-6-15

- DESCRIPTION:** A scientifically formulated liquid cleaner prepared especially for white sidewall tire cleaning, however, may be used in many cleaning operations where a mild alkaline product is desired. It is non-caustic so that use is extended to mild cleaning of painted surfaces, non-ferrous metals, such as aluminum, magnesium, tin, etc.
- APPLICATION:** Foremost 700A White Sidewall Tire Cleaner is used primarily in cleaning white sidewall tires.
- DIRECTIONS:** Dilute one part of the concentrate with two to four parts of water, spray or apply with brush, agitate heavily soiled areas and rinse with plain water.
- Excellent steamcleaning is possible when two to six ounces FM 700A White Sidewall Tire Cleaner is used per gallon of water for light to medium duty work.
- PRECAUTIONS:** **KEEP OUT OF REACH OF CHILDREN.** Contains sodium silicate. May cause eye and skin irritation. Avoid contact with skin, eyes and clothing. No irritation is likely following short contact periods with human skin. Prolonged and/or repeated exposure may lead to redness, swelling and irritation. Do not take internally.
- FIRST AID: EYES:** Flush with plenty of water for at least 15 minutes. Get medical attention immediately. **SKIN:** In case of contact, immediately flush with plenty of water.
- Before using this product, read the Safety Data Sheet (SDS) for more detailed information regarding safe handling.
