

8398 DRUM ROLLER

SPECIALTIES FOR MAINTENANCE AND SANITATION SINCE 1947

Why truck it? . . . ROLL IT!

YOUR EASIEST WAY TO HANDLE DRUMS

Foremost Drum Roller makes moving containers so simple. . . and economical.

FOREMOST DRUM ROLLER truly makes light, safe work of moving loaded drums from one place to another. Handles up to 55 gallon drums.

FOREMOST DRUM ROLLER is especially appealing to workers and supervisory personnel alike. Beside preventing injuries, work can be handled with more ease and speed.

DURABLE Zinc-coated steel casters are full swivel rubber wheels; quiet; antistatic; kind to any floor; and resistant to water, oil and grease. Carries static loads up to 750 pounds. Casters are bolted on and remain in place when the container is tilted.

CHECKS INJURIES to personnel—its extra wide stance avoids tipping. Moves heavy loads with ease.

ECONOMICAL—preserves life of drum and contents. Rollers can be stacked when empty to conserve floor space.

RECOMMENDED FOR —

- Steel, plastic, rubber and fiber containers
- Round, square or irregular shapes
