TECHNICAL DATA

FM 890-ES RODENT SHIELD

10-16-23

- DESCRIPTION:** An all-natural spray made with a blend of pure essential oils that will keep rodents away. The minty fresh scent is pleasant for humans, but bothersome to pests like rats, mice, etc. This non-toxic, ready to use formula is safe to use around pets, children, and adults when used as recommended. FM 890-ES is a great way to get rid of unwanted rodents without the use of poisons or traps.
- APPLICATION:** Recommended to be used in areas that are prone to unwanted rodents such as garages, basements, kitchens, attics, sheds, trash cans, car engine cables, etc. Spray around openings and entry ways to prevent rodents from entering buildings.
- DIRECTIONS:** Simply spray in areas where rodents like to congregate every few days or as needed. After rodents are gone, use every 2-4 weeks to prevent them from returning. Product is ready to use, so no need to dilute.
- PRECAUTIONS:** **FIRST AID: EYES AND SKIN:** Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Get medical attention if irritation persists. **INHALATION:** No irritation expected. **INGESTION:** Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea. Do NOT induce vomiting.

Before using this product, read the Safety Data Sheet (SDS) for more detailed information regarding safe handling.

- Long lasting
- 100% safe and natural
- Pleasant scent to humans
