SPECIALTIES FOR MAINTENANCE AND SANITATION SINCE 1947

FOREMOST 9630 CHALLENGER SPRAYER

Light weight, high density polypropylene construction; chemical resistant for spraying insecticides, disinfectants, germicides and deodorants in hospitals, warehouses, schools, food plants, factories, etc.

Features 1 gallon translucent tank to check fluid level. Dispenses 0-5 gallons per hour.

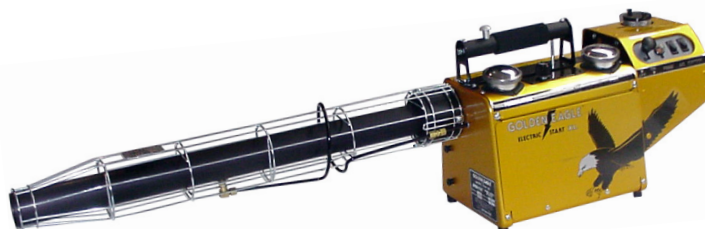

Three fog nozzles will spray from 45° above horizontal to 15° below horizontal. Conveniently operated by finger tip control near handle.

Recommended for use with water based and distillate based products.

FOREMOST 9635 GOLDEN EAGLE INSECT FOGGER

A light weight portable insecticide fogger for indoors and outdoors. Small enough to store inside an automobile trunk, light enough to hand carry, yet the Golden Eagle has output sufficient to black-out thousands of cubic feet in minutes. Using gasoline for heat, the Golden Eagle has an insecticide output of 9 gallons per hour.

Recommended for use with 4809-ES, 4551-ES or other distillate-based products.

FOREMOST 9636 ELECTRIC FOGGER

Advanced in design — precision built of highest quality materials — insures finest dry fog — cooling air is circulated and safety controls insure easy, positive, safe operation with minimum maintenance.

Recommended for use with distillate-based insecticides and deodorants.
